### The Four Pillars of Literacy Collaborative

Shelly Schaub

*“Working towards this Teacher Leader Endorsement has solidified my beliefs about the power of Literacy Collaborative as a professional learning project and inspired me to encourage others to invest in themselves and add this endorsement to their teaching license.”*

Jenny McFerin

*“The Teacher Leader Endorsement classes have both deepened my understanding of the principal's role and expanded my view of leadership. Having this endorsement will strengthen a Literacy Collaborative coach's relationship with administrators and refine his/her role as a teacher leader.”*
